Therapy with Anne A Professional Profile

From the moment you meet Anne, you're likely to feel her warmth and easy-going friendliness. As the newest member of the Nightingale team, we're absolutely delighted to welcome her.

Anne truly reflects what counselling is all about — being supportive, encouraging, and helping people feel comfortable and at ease. Feeling safe with your counsellor is such an important part of therapy, and Anne has a natural way of helping clients relax and feel understood from the very first session. Her genuine passion for counselling really shines through in everything she does.

Anne works with adults and young people aged 16 and over. She has a particular gift for connecting with younger clients, offering understanding, trust, and a supportive space where they can feel heard and grow with confidence. She's also a mum to two young adults, which brings an added depth of understanding to her work.

Before training as a counsellor, Anne worked in café and restaurant management. She's an exceptional cook and still spends part of her week doing what she loves in the kitchen.
